

ABOUT

Marillac St. Vincent Family Services is a community-based organization that serves thousands of Chicago's most vulnerable. For over 100 years, we have been committed to being a resource for those in need so they can thrive and go on to live successful lives. Our service areas cover the full life cycle, from birth to seniors.

OUR PROGRAMS

Early Childhood Education

Our unique combination of curriculum-based early learning and family support prepares young minds, and their families, to be successful in school, and beyond.

Youth Services

We offer a wide array of services for youth that include sports, enrichment activities, creative arts, STEM programming, and more. Our staff mentor school-age children and teens on developing healthy relationships, making positive choices, and how to be leaders in their communities.

Community Outreach Services

Through individualized support, access to on-site resources (Food Pantry, Wellness Closet, and Education), and referrals, adults and families receive tailored services to meet their specific needs. We empower participants to work towards self-sufficiency and stability.

Senior Services

We meet the needs of our seniors through comprehensive, individualized support service, home visits, home food delivery, and monthly meetings for mobile seniors.
